

About Me

I'm a graphic designer with almost 8 years experience, specifically in the real estate space. I am eager for a new and exciting opportunity that will grow my strengths both as a professional designer and as a leader within an organization. A few things about me: My favorite color is purple, I'm a Hufflepuff and an Enneagram Type 2, I love musical theatre, and if I could, I would live at the Renaissance Faire. Want to learn more? Experience

POETIC DESIGNER II | MARCH 2021- CURRENT

At Poetic, my job is to turn branding concepts into reality. I start with a blank slate when a brand is nothing more than a conceptional idea. Using my creative process, I help in name development, logo creation, collateral/website design, and see the project through to completion while staying within budgetary and timeline constraints.

LANDMARK PROPERTIES | NOVEMBER 2020-FEBRUARY 2021 GRAPHIC DESIGNER

At Landmark Properties, I was the graphic designer for their 32 Northwestern region properties. My job was to produce all of the various graphic design needs including t-shirts, advertisements, flyers and much more.

NELSON PARTNERS PROPERTY MANAGEMENT GRAPHIC DESIGN INTERN | MAY 2019-SEPTEMBER 2020 SOCIAL MEDIA SPECIALIST | JUNE 2017-JUNE 2018

I helped develop, design and implement hundreds of campaigns for 50+ properties as a social media specialist and a graphic design intern.
